Great Clearing Sale of Summer Fabrics.

A NEW departure in merchandising. This clearing sale is usually held the first of July. We feel that our patrons will appreciate the reductions six weeks earlier—values that are absolutely without comparison at this season of the year. We guarantee every comparative figure to represent our former price. As these goods have been on display continually during the past two months and marked in plain figures, we could hardly afford to make such a statement unless it were an absolute fact. Some of the reductions are so radical that we almost hesitate about printing the former prices.
